

Novopro PS1 Moving Head/Podium Stand

Variable height podium stand complete with white scrim

£129.95 (each) £249.95 (pair) inc.VAT

- Versatile and affordable presentation and display podium that can be utilised for a wide range of products
- Fully adjustable in height from 79cm to 146cm
- Four rotating, hand tightening clamps to solidly lock the selected height
- Solid powder coated steel base plate measuring 50cm x 50cm, giving a stable working platform
- The top plate is 28cm x 28cm and is reversible - lipped support edges on one side and a flat surface on the other to accommodate products that are larger than 28cm
- Includes a PVA anti-slip foam pad for the top plate, providing extra grip for your equipment
- Cable management clips are included so cables are kept neatly within the stand
- Access point through the top plate for connecting wires
- The supplied machine washable* white scrim allows some amazing illumination effects from inside the podium
- We state a (conservative) maximum loading weight of 50Kg on the top plate
- Easy assembly and portability with eight bolts (allen key supplied) that locate into the recessed top and bottom plate holes
- When used at the extended height, due diligence and safety must be adhered to within public areas
- Check out the online video for further product details and information
- More accessories coming soon for the PS1 - See the Novopro website for updates....
- Shipping dimensions: 710mm x 515mm x 50mm
- Shipping weight: approx. 11.25kg
- The Novopro PS1 is designed and engineered in the UK by working performers
